reasons

"You'll appreciate the quality we build into every window!"

frame **THE VINYL COMPANY**
QUALITY EXTRUDERS SINCE 1998

glass Stainless **The TempSmart[™] Spacer System** **IGMA** INSULATING GLASS MANUFACTURER ASSOCIATION

VERSATILE & FLEXIBLE

For new homes, these windows are built to your individual needs with optional nailing fin and brick mould, with jamb returns and frame extensions to fit your type of wall construction.

- **Fusion Welded Frame & Sash**
Welding creates a fully sealed, continuous profile that eliminates potential air and water penetration through frame and sash corners.
- **Maintenance Free Solid uPVC Vinyl Profiles**
The multi-chambered design provides structural strength as well as insulating air pockets which reduce heat and cold transfer.
- **Integral Lift Rail**
Permits sashes to be operated with ease.
- **Large Interlock with Double Protection**
Brings double weatherstrip sashes closer together and locks them air tight for another secure line of defense against the weather.
- **Integral J Fin**
Ideal for siding application for cleaner details with improved performance. (Available on 240J model only.)
- **True Over-The-Sill Drainage**
Our High Tech Compound-Cut and weld frame creates a sill without the need for drain holes. This eliminates any cold air return into your home found in traditional drainage systems.

hardware **TRUTH HARDWARE**

- **Weatherstrip For Results**
Premium Fin Seal is the superb weather seal design that is ideal for double hungs, with a Bulb Seal on the bottom sash.
- **Night Latch** (Optional)
Provides limited ventilation and discourages unlawful entry.
- **Recessed Tilt Latches**
Both sashes tilt in for easy cleaning from inside your home. Our recessed design maintains a clean and attractive sight line in your window.
- **Cam Locks**
Heavy duty 180 degree locking cams pull your sashes tightly together for a great seal!
- **Quick Release Coil Balance**
Effortless sash movement with simple sash removal.
- **Locking Shoes With Washer Tip Pivot Bars**
When tilting in a sash for cleaning, the shoes securely lock themselves in place. Special pivot bars ensure they do not pull out of the shoe.
