

save your *energy*

VWD has been privileged to receive the 2006 Energy Star High Efficiency Award in the Specific Product category.

Our continued dedication to product development is the true meaning of "windows for life". In turn, this makes everyday living more enjoyable for our customers.

As leaders in bringing awareness of Energy Efficient options to the industry and the window buying public.

See our ENERGY STAR qualifying windows at:

<http://oeee.nrcan.gc.ca/energystar/english/consumers/windows-search.cfm>

win a house full of *windows!*

you could be the next lucky *winner* of windows for your home!

All homeowners who buy ten or more VWD windows between April 1st, 2006 and by 5:00 pm on March 31st, 2007 are eligible to be entered in our draw.

The winning entry will be randomly drawn by VWD. A skill-testing question will be asked of the draw winner. All entrants must agree that VWD will be the sole arbitrator of this contest. The draw will take place on May 10th, 2007. The winning contestant will be notified by telephone, just like our last two winners!

and now, *the meaning* of "windows for life"...

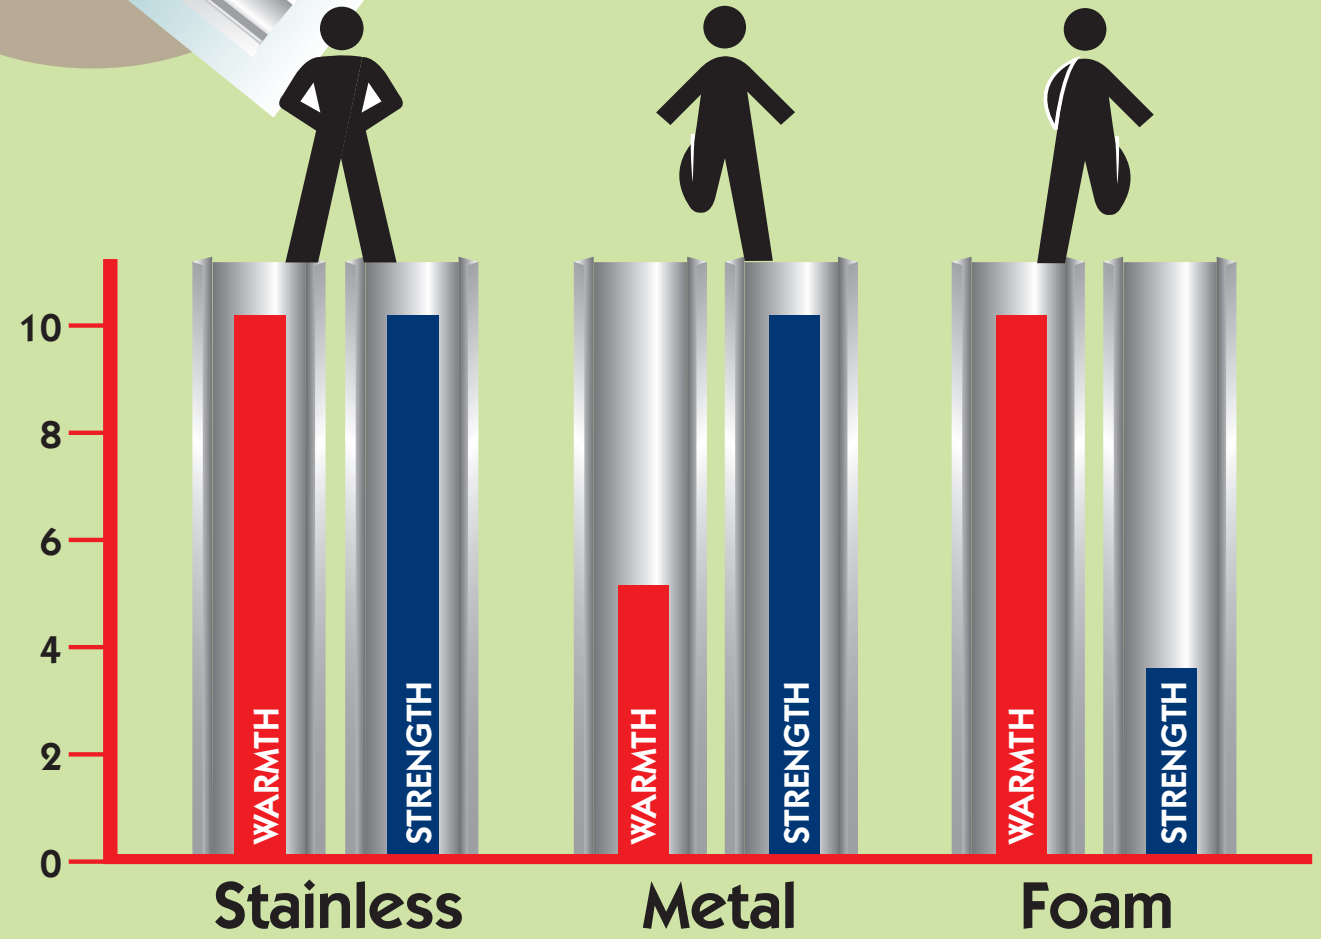

stainless triple glazing

Stainless

a balanced approach to window design

STAINLESS SPACER TECHNOLOGY

it's all about *strength* and *warmth*

The edge of your sealed unit is the battleground in your fight against condensation. Give yourself a fighting chance with the warmth of the PPG Stainless Spacer System.

stainless technology
taking your window to another level of performance!

A Spacer System that just won't compromise between "warm edge" and "structural integrity"

problem:
85% of your window is just glass...

solution:
The PPG Glass Package, manufactured exclusively by Vinyl Windows Designs—your PPG Certified Manufacturer.

- PACKAGE INCLUDES:**
- PPG Spacer Technology
 - PPG Solarban 60 Low E Glass
 - PPG DSE chemically curing sealants
 - PPG Desiccant Matrix

superior
Quality, value and performance equals engineering excellence designed to last a lifetime.

any more *questions?*
